Toddler

Children in the toddler room enjoy a smooth transition into the summer program as their beautiful environment, the routine of their day, and the consistency of their caregivers remains the same. Our curriculum carries on throughout the summer program with the addition of many enriching and fun outdoor activities. The program is available to children currently enrolled, and those enrolled for the 2017-2018 school year. Half- and full-day options are available.

Preschool/Kindergarten

Children aged three to six will be guided by teachers in our beautifully enriched classrooms. Our complete curriculum is available, spotlighting different themes each week. The children have a morning “work time,” followed by lunch with their friends and teachers. A nap (if needed) is followed by more fun — math, language, science, practical life and outdoor play will finish the day.

Elementary

A morning “work time” includes different themes each week that integrate technology, science, language, and math. Together with their teachers, children have lunch, and in the afternoon they head to fine arts and physical education with varying weekly themes.

Summer Camp Extras

IN-HOUSE PRESENTATIONS: All children enjoy weekly interactive in-house presentations.

OFF-SITE FIELD TRIPS: Every week, elementary children travel by bus to local attractions.

**The costs of all in-house presentations and field trips are included in weekly summer program fees!*

Dear Families,

Thank you so much for your interest in Dearborn Heights Montessori Center's Summer Program. It can be a challenge to find meaningful and enriching activities for your children during the summer. Here at DHMC we believe **learning can be fun**. We know the difference it makes when children are excited about learning. Just imagine what your child can do when he or she views learning as play.

We have learned that families are looking for a safe and nurturing environment, an environment where children can have fun and learn! We have created exactly that – a place where all children can grow to their fullest potential under the guidance of our caring staff.

We look forward to seeing you this summer.
