

March 20, 2020

Dear Families,

As we navigate these uncharted waters together, we want to continue serving you and your children in the best ways possible. To that end:

- We have created a Distance Learning Handbook that addresses many of the aspects of learning from home. We hope it will be helpful to you. There will also be a link for the handbook on each school's website.
- Google Classroom is up and running. If you haven't done so already, please accept your invitation to join, and take advantage of the wonderful resources the teachers are making available to you.
- Follow us on Facebook. Posts are upbeat and fun. Watch for stories and more.
- Access our websites' COVID-19 pages by clicking on the red bar at the top of each school's home page. As articles, videos, and other pertinent items become available, we will be adding links on this page.
- We are building an archive of informative family life-oriented articles to help you manage the challenges of distance learning and an altered lifestyle. These will also be posted on the COVID-19 web pages.
- Email will continue to be used for direct communication and important updates.

We appreciate your continued support. We're here to help you!

Sincerely,

Kay Neff and Laura Springer
